## OBJECTIVE

---

Motivated Computer Science graduate with a strong interest in Full Stack Development. Looking to join a dynamic tech team where I can apply my skills in web development, learn modern technologies, and contribute to impactful projects from day one.

## EDUCATION

---

2021-2025	B.Tech,CSE at <b>RGUKT, Nuzvid</b>	(CGPA:8.48)
2019-2021	Pre University Course at <b>RGUKT, Nuzvid</b>	(CGPA:9.57)
2018-2019	Class 10th at <b>ZPH School, Sanagala Guduru, Anantapur District</b>	(CGPA:10.00)

## SKILLS

---

Programming Languages	Java, Python, SQL
Technologies	HTML, CSS, JavaScript, React.js , Springboot
Databases	MySQL
Tools and Packages	Ms Office, Git
Soft Skills	Problem solving,Communication,Team Management and Time Management

## PROJECTS

---

**CertiFier** Feb 2024 - May 2024

Created a decentralized NFT Marketplace called **CertiFier** using **Solidity** and **React**.Developed **smart contracts** for minting NFTs,ensuring **100% security**.Deployed the application using **Hardhat**.

**Advanced Weather Forecasting System** 2024

Develop a Java-based desktop application using **Swing** and **PostgreSQL** for managing and forecasting weather data. The application allows users to add, update, and delete weather records, and provides forecasting features based on historical data and an external API.

**Student Stress Prediction and Health Risk Detection** 2024

Student stress is a rising problem in educational environments, frequently harming both mental and physical health. This project entails the use of **machine learning** to analyse more on stress levels and heath risks, aspects such as, grades, peer's relationship, and extra-curricular activities. Stress levels are classified as **acute, episodic, or chronic** based on these criteria, with each being associated with a specific health concern such as **anxiety, sleep disorders, or chronic exhaustion**.

## INTERNSHIPS

---

**Java With Full Stack** May 2024 - June 2024

Edubot, Vijayawada, AP.

Developed and maintained full stack web applications using **Java,React** and **Postgresql**. Participated in code reviews.Gained hands-on experience with version control using Git.

## CERTIFICATIONS

---

Fullstack with Java, Edubot, June 2024

Resume, Networking, and Interview Skills, edX, May 2024

Java Programming, DataFlair, March 2024

Web Development, Internshala, July 2023

## LANGUAGES

---

1. Telugu
2. English

## DECLARATION

---

I **Lekireddy Triveni** hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the above mentioned particulars.
