OBJECTIVE

Motivated Computer Science graduate with a strong interest in Full Stack Development. Looking to join a dynamic tech team where I can apply my skills in web development, learn modern technologies, and contribute to impactful projects from day one.

EDUCATION

2021-2025	B.Tech,CSE at **RGUKT, Nuzvid**	(CGPA:8.57)
2019-2021	Pre University Cource at **RGUKT, Nuzvid**	(CGPA:9.57)
2018-2019	Class 10th at **ZPH School, Sanagala Guduru, Anantapur District**	(CGPA:10.00)

SKILLS

Programming Languages	Java, Python, MySQL
Technologies	HTML, CSS, JavaScript, React.js , Springboot, OOPS
Databases	MySQL
Tools and Packages	Git, Github, Maven
Soft Skills	Problem solving,Communication,Team Management and Time Management

PROJECTS

Portfolio 🖥 2025

An interactive and responsive portfolio designed to highlight my skills, projects, and professional journey. Developed with **Typescript, Tailwind CSS**, and Framer Motion for a sleek user experience.

CertiFier Feb 2024 - May 2024

Created a decentralized NFT Marketplace called **CertiFier** using **Solidity** and **React**.Developed **smart contracts** for minting NFTs,ensuring **100% security**.Deployed the application using **Hardhat**.

Weather Forecasting System With Alerts 🖥 2024

A real-time Weather Alert application built with **React** and **OpenWeatherMap API**. Features include location-based weather tracking, alert notifications for extreme conditions, and responsive UI.

Student Stress Prediction and Health Risk Detection 🖥 2024

Student stress is a rising problem in educational environments, frequently harming both mental and physical health. This project entails the use of **machine learning** to analyse more on stress levels and health risks, aspects such as grades, peer relationships, and extra-curricular activities. Stress levels are classified as **acute, episodic, or chronic** based on these criteria, with each being associated with a specific health concern such as **anxiety, sleep disorders, or chronic exhaustion**.

INTERNSHIPS

Java With Full Stack May 2024 - June 2024

Edubot, Vijayawada, AP.
Developed and maintained full stack web applications using **Java**,**React** and **Postgresql**. Participated in code reviews.Gained hands-on experience with version control using Git.

CERTIFICATIONS

Fullstack with Java, Edubot, June 2024

Resume, Networking, and Interview Skills, edX, May 2024

Java Programming, DataFlair, March 2024

Web Development, Internshala, July 2023

LANGUAGES

1. Telugu
2. English
